## ADULT SOCCER FAQs

The Greenville County Recreation District offer 4 seasons of outdoor adult soccer leagues throughout the year, and registration is open for one of the season at all times. Online registration is available on the Adult Soccer page at [www.greenvillerec.com](http://www.greenvillerec.com), along with general league information.

**Q: I am new to the area and don't have a team, but I would like to play adult soccer. How can I play?**

A: Individual player registration is available for those who do not have a team. For \$30 you may register as a single player. We will place you on an existing team, or put together a team of free agent players if enough individuals register.

**Q: Can I register as an individual to play in the men's 11v11 division?**

A: No. The 11v11 division requires each team member to obtain a player pass from SCASA, which is an additional cost, so we do not offer team registration for the men's 11v11 divisions.

**Q: I have a team ready to play adult soccer. How do I register?**

A: Visit [www.greenvillerec.com](http://www.greenvillerec.com) and click on the Adult Soccer page for a registration link. You will set your team up and pay the registration fee at that time. After the registration period ends, you (or the team captain) will be sent an email with a username and password to logon to manage your roster until the roster freeze date. You may add players and make changes up to that point, but after the roster freeze date, your username and password will no longer be valid.

**Q: I didn't add all of my players to my roster when I registered my team. How can I add them now?**

A: After the registration period ends, you (or the team captain) will be sent an email with a username and password to logon to manage your roster until the roster freeze date. You may add players and make changes up to that point, but after the roster freeze date, your username and password will no longer be valid.

**Q: How many games are played in the regular season?**

A: All divisions play 8 games in the regular season. Generally, the top 4 teams in each division qualify for the playoffs. Playoffs are single-elimination, and teams play a maximum of 2 playoff games.
